## Annual Report of Executive Committee.

Death of the  
President, His  
Grace the  
Duke of  
Westminster.

The Royal Normal College has sustained an irreparable loss in the death of its President, His Grace the Duke of Westminster. When the College was established in 1872, he became its President; he gave it his support in many ways—not only contributing largely towards its maintenance and extension, but showing a personal interest in its progress, and giving the Principal and the Committee the invaluable benefit of his advice, sympathy, and encouragement on all occasions.

The Committee feel the death of the Duke to be a great loss to the College and to the cause of the Higher Education of the Blind, as well as a sorrow to themselves.

We are pleased to learn that before the present Duke started for South Africa he signified his willingness to become the President of the College, and continue the work of his late grandfather on behalf of the Blind. The Countess Grosvenor (mother of the present Duke) also has kindly consented to become an active member of the Committee.

Deaths of Mr.  
Cook, Rev.  
Wm. Wright,  
and Dr.  
Swithinbank.

We deeply regret the death of John M. Cook, Esq., who was one of our hearty supporters from the commencement of the College, and for many years on the Executive Committee; also the death of Rev. Wm. Wright, D.D., who was one of our most earnest and useful Members: and, lastly, the death of George Edwin Swithinbank, Esq., LL.D., the auditor, one of the most painstaking officials of the College.

Re-transfer of  
College.

The Committee are happy to report that, in accordance with the resolution passed by the General Council at Grosvenor House, February 21st, 1898, the College has been re-transferred from the School Board to the control of the Trustees, Council, and Executive Committee.

THE LATE DUKE OF WESTMINSTER, K.G.

PRESIDENT FROM 1872 TO 1899

The Committee appealed for special subscriptions to enable them to re-purchase the property. In response to this appeal the total amount of money collected and promised, including legacies of £2,000 from Mr. G. Smith, of London and Chicago, and £100 from Mr. J. M. Cook is £11,916 14s. 2d. The amount required for the re-purchase was £22,301 6s. 1d., and other expenses in connection with the Fund have brought up the total expenditure to £23,565 8s. 4d. To accomplish the transfer, the Committee had to borrow £15,000 on mortgage. After taking credit for this and other monies promised it will be seen that we have £3,351 5s. 10d. towards liquidating the mortgage. The re-purchase has now been carried out, and since the 1st of October last, the Institution has again been under the control of the Executive Committee.

Financial position.

Through the liberality of the Committee of the Gardner Trust, the mortgage of £15,000 was obtained at  $3\frac{1}{4}$  per cent., therefore the interest is less than was paid, previous to 1897, on the original mortgage. The accounts herewith submitted will show the financial position of the College.

New Mortgage.

We gratefully thank Her Most Gracious Majesty the Queen, not only for the donation sent to the funds, but for the following sympathetic letter:—

Letter and donation from Her Most Gracious Majesty the Queen.

“Osborne, 21 December, 1898.

“Dear Sir,

“Referring to previous correspondence, and in reply to an appeal recently made by the Duke of Westminster as President of the Royal Normal College and Academy of Music for the Blind, at Norwood, I am commanded to enclose a cheque for £100 as a mark of Her Majesty's interest as Patron of the Institution, in the special effort that is now being made on its behalf.

“Believe me,

“Yours faithfully,

“FLEETWOOD J. EDWARDS.”

His Grace the  
Archbishop of  
Canterbury.

His Grace the Archbishop of Canterbury presided at the meeting held at Grosvenor House, when it was resolved to appeal for funds for the re-transfer of the College; later, Dr. Campbell received the following from the Secretary of His Grace:—

“I am desired by the Archbishop of Canterbury to say that His Grace will give £100 to the Royal Normal College special appeal.

“The appeal has his entire sympathy and approval.”

Other donors.

Our best thanks are also due to the following noblemen, ladies, and gentlemen for liberal donations:—

His Grace the late Duke of Westminster, Miss Margaret Shaen, Mrs. T. R. Armitage, the Misses Doxat, Mrs. Tubbs, Mrs. W. J. Armitage, Her Grace the Duchess of Sutherland, Her Grace the Duchess of Portland, Dowager Lady Dunleath, Miss Wright, Miss Booth, F. A. H., The Worshipful Company of Leathersellers, Benjamin Armitage, Esq., W. Mather, Esq., Mortimer Singer, Esq., D. C. Haldeman, Esq., Josiah Beddow, Esq., Rev. Canon Ellacombe, Frank Bibby, Esq., The Worshipful Company of Grocers, Sir Wm. Lewis, Bart., E. E., Lord Overtoun, F. Rose, Esq., Mr. Alderman and Mrs. Shepherd, The Worshipful Company of Skinners, The Mayor of Croydon (G. J. Allen, Esq.), The Right Hon. Earl Egerton of Tatton, F. Horne, Esq., The Worshipful Company of Wax Chandlers, The Worshipful Company of Salters, The Worshipful Company of Blacksmiths, and other friends who prefer that their names should not be given.

Mr. Alderman Allen, then Mayor of Croydon, sent out a special appeal to many ladies and gentlemen of the Borough, which resulted in a purse, subsequently presented by his daughter at the Prize Festival. We are duly grateful to all who sent contributions.

Assistance  
from old  
pupils.

We wish also to express our appreciation of the help given by the old pupils of the College, some of whom have contributed liberally, while a number have taken subscrip-

tion books and are endeavouring to procure subscriptions and donations. We trust many ladies and gentlemen will also take subscriptions books, and assist us by interesting their friends in the College.

The Executive Committee now appeal to the friends of the College for the means of paying off the mortgage, and so relieving the Institution of a considerable annual burden. If we can obtain the additional sum of three thousand guineas annually for five years, it will liquidate the mortgage and provide for the interest. Thus the Institution, unique of its kind in the country, would be placed in an assured position to do increasing service in the musical and general education and training of the Blind.

Appeal for  
Funds.

Through the generous aid of the Committee who administer the Trust of the late Henry Gardner, the very poorest blind boys and girls are receiving a practical education and training, which is lifting them out of the charity class and placing them in positions of independence and usefulness. Many of our Gardner Scholars who have completed their training are now successfully established in business in different parts of the United Kingdom, the Colonies, and the United States.

Gardner  
Scholarships.

The Committee are thankful that the College still enjoys the invaluable and unwearied services of its Principal, Dr. F. J. Campbell. After his exertions for nearly thirty years it would be a glad day for him to see the College which he, in association with Dr. Armitage, was instrumental in founding, freed from all debt, and thus giving promise of further extended usefulness.

Dr. Campbell.

## Principal's Report.

---

The Report of the Executive Committee deals with the re-transfer of the College, October 1st, 1899, from the School Board to the Trustees, Council, and Executive Committee of the Royal Normal College. Therefore I shall deal only with the present organization of the Staff, the work of the various departments, and the important principles which underlie the Higher and Musical Education of the Blind.

Musical  
Department.

Mr. Frits Hartvigson, who has been with us since 1874, still continues as the senior Professor in the Pianoforte Department. Our students value his instruction, and enjoy his interesting, historical pianoforte recitals, given every Tuesday.

Miss Kate Robinson and Mr. Norman Cummings have given one day's instruction on the pianoforte each week, but the former has been obliged to discontinue her work, owing to ill health. We are sorry to lose, even temporarily, the enthusiasm with which she inspired her pupils, but we trust in the near future that she will return to us.

Mr. F. D. Smither teaches every Monday afternoon, making a specialty of popular music.

Mr. C. F. F. Campbell, who has been in America, returned to help temporarily with the work of the present term.

Misses M. Davis, E. Lucas, and I. Townsend, graduates of the College, superintend the practice, and take the younger pupils.

Mr. F. Corder gives instruction in harmony, counter-point, musical composition, and orchestration; his lectures, in which he analyses the works of the great masters are most useful, and enable our students to enjoy and benefit from the many concerts in which they hear these master-pieces.

Mr. H. L. Balfour has charge of the Organ Department; his instructive organ recitals, given every Friday, are much appreciated.

Mr. R. Boulcott-Newth and Miss M. Severn, assisted by Miss A. Campbell, take charge of all the vocal instruction except the training of the choir. Mr. Newth also drills the students in Chanting and other parts of the Church Service.\*

In the School Department we have the following teachers:—Misses Lily Bell, C. Bennett, M. M. R. Garaway, M. J. Holmes, S. E. McLean, F. M. Nevins, and Mr. A. Pearson.

Mrs. G. M. Campbell takes charge of the Musical Library, Music Reading, and Slöjd Knitting.

Mr. J. Young, who came to us in 1877, continues in charge of the Pianoforte Tuning and Slöjd shop; in the former he is assisted by Mr. W. Walmsley and Mr. H. J. Kelly, in the latter by Mr. H. D. Black. Mr. Black also teaches roller-skating, and has charge of the stereotyping and type-writing departments.

Mr. Guy M. Campbell continues in charge of the highly important department of physical training.

Mr. H. Cooper gives special attention to cycling and rowing.

We are sorry to announce that Dr. Hopkins, our valued and beloved organ professor, has been obliged to resign, owing to increasing age, after twenty-five years' service.

---

\* This appears to be a large staff, but our non-resident professors have only a limited number of hours each week. It is advantageous to bring our pupils in contact with, and under the influence of, a number of leading musicians, and this does not increase the cost.

Miss Proctor.

Our matron, Miss Proctor, who came at the opening of the College in 1872, also retired at the end of the term. She was beloved by all, both teachers and pupils, and carries with her the grateful remembrances of all who have been connected with the College. Her address is 100, Chatham Street, Liverpool, and she will be pleased to hear from her old friends.

Classification.

The Royal Normal College includes the following Departments:—A Preparatory School, a Secondary School, a Training College, a Technical School, and an Academy of Music. The Academy of Music forms a common bond of union; all, to a greater or less extent, enjoy its opportunities and privileges, while the instruction afforded the professional pupils is equal to the instruction given in the best conservatories for the Seeing.

Course of  
Instruction.

1. Physical Education, including Gymnastics (English, Swedish, German, and American), Deportment, Drill, Swimming, Skating, Rowing, Cycling, and other Sports.
2. General Education, including a thorough Elementary course, Literature, History, Science, and Mathematics (Latin and French optional). In the Secondary course, the Students can prepare for the Queen's Scholarship Examination. In the Training College course, under the Education Department, the Students are prepared for the Training College Examination, and obtain their Certificates as School Teachers.
3. The Science and Practice of Music, including the Training of Music Teachers, Pianists, Organists, Choirmasters, and Vocalists.
4. Technical Education, including Mechanical Training and Pianoforte Tuning.

The authorities of the College have devoted much time, energy, and money to perfecting their arrangements.

GARDNER HALL.

Their Gymnasias, Rinks, Swimming Bath, and large Play-grounds, containing sixteen acres, have cost many thousands of pounds. The practical results of their work render them anxious to utilize these advantages for the young Blind throughout the country.

The importance of early training is well stated in the following quotation from Professor Tyler, Amherst College, U.S.A. :—" I doubt if even teachers appreciate how early in youth the lines are marked out along which the life is to continue its development. *Certainly a quarter century's experience has only confirmed my own opinion that boys, and I suppose the same is true of girls, leave college with much the same tendencies and habits with which they entered. If they come to us industrious, thoughtful, earnest, they usually leave us with these habits and tendencies strengthened and intensified. If they come to us idle, careless, or with bad habits of study or thought, our best efforts will fail of anything like success. If you can develop in the child habits of work and thought, if you can arouse an appetite for good literature and good form, if you can foster in him honesty, purity and pluck, you may be sure you have trained a useful citizen. The most important, fundamental, and essential work of education is and must be with the younger pupils.*"

Importance of  
early training.

If this is true of sighted children, it is far more important for the Blind, who are usually allowed to drift aimlessly in their early years.

I have always regretted that Parliament raised the age for the *elementary training* of blind children from 14 to 16 years of age. The best period for the *elementary training* of blind children is from 5 to 14 years of age. If a blind child has been well taught from 5 to 14, his future calling can be determined, and his special training should then begin. I earnestly hope that Parliament, in the near future, will give blind children at least six years of secondary education, beginning at 14 years of age.

Wm. Shaen  
Pianoforte  
Tuning School  
for Girls.

For some years I have been desirous of opening a Tuning Department for girls. I have long believed that women, if properly trained, would find employment as pianoforte tuners. At last we shall be able to carry out this idea, through the liberality of Miss Margaret Shaen, daughter of the late Wm. Shaen, Esq., who was a member of the first Executive Committee, and one of the founders of the College. It will be known as the "Wm. Shaen Pianoforte Tuning School for Girls."

Braille  
Shorthand  
System and  
Type-writer.

Two years ago the prize offered by the editor of "Hors Jucunda" for the best system of Braille Shorthand was awarded to the system formulated at the Institution for the Blind, Edgbaston, Birmingham. Recently, Mr. Stainsby, the secretary of that Institution, with the assistance of Mr. Alfred Wayne, has perfected a machine for writing Braille Shorthand. This machine, together with the use of a type-writer, will open a new employment, and I trust it will be introduced in all schools for the Blind.

Graduates of  
1893-99.

In the summer of 1898, eight students graduated from the Smith Training College, of whom five hold good appointments; two are taking a further course in music, and one died soon after she left the College. In the summer of 1899, five graduated, of whom three hold appointments, one is repeating her second year's course as her friends wish her to pass in the first class, and one, while waiting for an appointment, has engaged to work as a typist.

Four musical students, one of whom, Miss Olga Kuntze, also passed the Licentiate Examination of the Royal Academy of Music, obtained their certificates, and are doing well. Previous to the present term seventeen students had passed the necessary examinations and obtained their Pianoforte Tuning Certificates, of whom eight already hold good appointments, and the others are working up tuning connections. Six have left recently and are also starting private connections.

A number of the past students died during the year. Deaths of past pupils.  
 Lizzie Scott passed away at her home in Edinburgh during the summer holidays. She was one of the first pupils, and was the first to receive an appointment as a school teacher. For twenty years she was a most successful teacher, winning the love of her pupils and the esteem of all. John Gill and James Field have died recently: the former, upon receiving his certificate, entered the employment of Messrs. Broadwood, and soon rose to be foreman of his department, a position he filled with credit for seven years; the latter graduated in 1883, and was employed as one of the Pianoforte Tuning Teachers. His pleasant manner and superior work made him a favourite with all our patrons. Alice Higgins died a few weeks after she received her Training College Certificate; and Amy Barraclough, who was sent home on account of ill-health, lived only a short time.

The announcement of the death of our late President, His Grace the Duke of Westminster, was received by all the friends of the College with heartfelt sorrow and bereavement. From the very beginning, His Grace took an active part in establishing and developing the work of the College.

In the summer of 1871 we were trying to raise a sufficient sum of money to enable us to open a school, and it was decided that I should visit some of the leading cities in England and Scotland. The first meeting was called in Liverpool, at St. George's Hall: the Mayor was to preside. I wrote to the then Marquis of Westminster, and briefly explained the object of the meeting; he and the Marchioness kindly came, and at the close of the meeting, while I was speaking to the Mayor, the Marquis and Marchioness in saying "good-bye," added with emphasis, "When you return to London, we want you to come to Grosvenor House, and tell us the results of your efforts." This gracious action had an immediate effect on

all present; ladies and gentlemen at once gave their names, our first scholarship committee was formed, and the money subscribed to send six pupils to the college from Liverpool. Similar meetings were held, and scholarship committees formed in Manchester, Leeds, Bradford, Glasgow, and Edinburgh.

The school was opened March 1st, 1872, in three small houses at Paxton Terrace, near the Low Level Crystal Palace Station. During the year, the Marquis consented to become our President; he, with the late Dr. Armitage, the late Lord Shaftesbury, and the late Right Hon. W. H. Smith were elected Trustees by the Council of the College. Soon after the College was opened, the Duke came down with the Executive Committee to visit the School in Paxton Terrace, inspect the classes, and also look over a property in Westow Street then known as "The Mount," and owned by Sir Tollemache Sinclair. The Committee had engaged a carriage that His Grace might drive to Westow Street, but he insisted that the members of the Committee should precede him. When they were seated, he told the man to drive on, kindly took my arm and said, "We will walk up the hill together, and this will give me a quiet opportunity to learn all the details in regard to this proposed purchase." As we were walking through the grounds of "The Mount" His Grace remarked, "There are so many banks, terraces, and flights of steps, I scarcely know what you will do with it, unless you want to kill all the poor things and put them out of their misery." I explained that the world was not made specially for blind people, and the Blind must be prepared to live in the world as they found it. I told him of my plan of having foot-marks to indicate all the flights of steps and turns in the walks. Years afterwards, when this plan had been carried out, His Grace laughed heartily to see the boys and girls running with the greatest freedom round the grounds, up and down the steps, and exclaimed to the Duchess, "Oh!

CLASS AT WORK ON THE "HAMMOND" TYPEWRITER.

Look at those merry children ; who would think they are blind ? ” When he was leaving, he kindly remarked, “ If you can get the property, I will give a thousand pounds towards the purchase. ” From year to year we have added to the original purchase, and the College grounds now consist of sixteen acres of freehold property.

The annual meetings have generally been held at Grosvenor House, and notwithstanding the many distinguished visitors requiring His Grace's attention, our pupils, even the youngest children, well remember his kind thoughtfulness on their behalf ; as a rule he had refreshments for them in the garden, and His Grace personally waited on the children, having a kind word for each of them. On one occasion I found the Duke patting the head of one of our little boys and saying, “ You must come into the garden and have some fruit ” ; as I wished to speak to His Grace, he called an attendant to take the little boy to join the others. He then remarked, “ You ought to bring some of your poor pupils to these meetings, because, if you do not, people will not understand that we must have money. ” I replied, “ This is the most complimentary of all the kind things Your Grace has said of our work : that child is perhaps the most destitute of all in the school, he is without home and friends. ” Some years later I had a letter from the Duke, saying that he had a good appointment for an organist, and, although the Royal Academy of Music and others were urging candidates, he would prefer one from the College, if a suitable one could be recommended, and he would be glad to know if the little boy whose bright, intelligent appearance attracted him at Grosvenor House was now qualified as an organist. The student obtained the appointment and has held it for twenty years.

All our friends will remember His Grace's visit last summer, when he presided at our annual festival at the Crystal Palace. He seemed even more than usually

interested, not only in the prize winners, but in all the performers, organists, pianists, and choir. As he warmly shook my hand, these were his parting words:—"I have brought you a cheque for a thousand pounds to-day, and do not forget that I mean to do my full share towards paying off the mortgage during the next five years."

The loss of His Grace's financial support, great as it is, is far less to me than the loss of his kind sympathy, wise counsel, and hearty support on all trying occasions.

Principles of  
Action.

As we have resolved to make a new departure, improve, and still further develop our work for the Blind, it will be well to re-state the principles which underlie the entire work of the College. On several occasions I have written upon the subject, and for the present purpose I cannot do better than quote from the papers prepared for the World's Congress in 1893, the Conference of Musicians, and other Societies.

The development of manly Christian character, and the cultivation of strict business habits, must occupy the first place in any true educational system, but at present I propose to deal with the more technical part of the subject.

Physical  
Training.

The education and training of the Blind, whether literary, musical, or mechanical, will not be crowned with practical success, unless it is based upon a thorough system of physical development. When I became Musical Director of the Perkins Institution for the Blind in 1858, I was mainly an enthusiastic teacher. But forty years later, as a man of business, I ask, how can my class be lifted from a state of semi-helplessness into useful activity, and equipped for their full share of work in the world? Thorough physical education and training is the only road that will lead the Blind, in large numbers, to this desirable goal. As a class they are timid, awkward, and helpless, and their surroundings do not, as a rule, favour the development of manly character. Energy, indomitable courage, and that fixed determination, which carries men

SLOID SHOP.

over all difficulties, are usually wanting. The special Institutions which have been established for the benefit of the class may generally recognise these facts, but do they apply the same practical methods which nations adopt, when effective armies are to be organized? The Institutions which neglect this fundamental principle, will be like the foolish man who built upon the sand, the work like the house will fall, and the result will be bitter disappointment. Educators of the Seeing realise, that to maintain the wear and tear of this busy nineteenth century life, the development of the body must keep pace with that of the mind. If such training is important for the Seeing, what shall we say of the Blind? In addition to blindness, shall they be handicapped with feeble bodies? Our system of physical training must be broad, comprehensive, and eclectic. If we will carefully observe the signs of the times, we have, as yet, only arrived at the outer gate of that new and ever enlarging system of physical education, which will give vitality to all the work of the Blind, lead them as a class to a practical business success, and ensure their power for good among their fellow men.

Before the College building was completed, and while some of the pupils were still sleeping in the old stables which were on the property, a gymnasium was provided. This "Armitage" Gymnasium has been constantly enlarged and improved, until it now combines the best features of the Swedish, German, English, and American systems. It has been pronounced by leading physical educators as most complete and unique. Swedish ladders, German vaulting-horses, English home-trainers, stand in close proximity to Sargent's developing machines, making a total of forty-eight distinct pieces of apparatus. A portion of the gymnasium floor has been adapted for roller-skating, that, when the weather is unfavourable for skating on the outdoor rink, we may not be deprived of the exhilaration and delight of rollers. The entire floor of the

Armitage  
Gymnasium.

Fawcett Memorial Gymnasium, which belongs exclusively to the girls, is in asphalt, a capital skating surface.

Armitage  
Swimming  
Bath.

The "Armitage" Swimming Bath is 55 ft. by 25 ft., and has a depth of from 3 ft. to 6 ft., thus affording excellent facilities for all forms of ornamental swimming, as well as acquiring useful knowledge in the rescue of, release from, and resuscitation of drowning persons, according to the methods of the Life Saving Society.

Physical  
successes of  
Pupils.

In one season, our Pupils won forty-two diplomas and twenty-four medals from the National Physical Recreation Society, seven medallions from the Life Saving Society, and twelve silver badges from the National Skating Association. Our students are often invited to take part in public displays with the leading gymnastic societies. During the visit of the German Emperor, the German Gymnastic Society arranged a great display, in which twelve leading Athletic Associations joined, and with whom the students of the College took a prominent part. If our students are so trained as to enable them to join successfully with the Seeing on such occasions, it helps to raise the standard of work, and produce an excellent effect upon the Seeing, as well as the Blind.

Deportment.

After several unsuccessful experiments, we have organised a department of deportment, dramatic action, and dancing. In regard to the importance of this department, I quote the following from Mr. W. H. Cummings:—

"Deportment classes have been found indispensable at the Royal Academy, Royal College, and Guildhall School of Music, therefore of much more consequence at the Royal Normal College, where ease of movement, graceful walk and gesture, are of necessity most difficult of acquirement by the students. The importance of this department of teaching cannot be too strongly insisted on; its value has been shown in the improved gait and bearing of many of the most awkward pupils, and

it is quite certain that whatever occupation may be considered suitable for them, deportment must be practised in order to enable them to move freely and with the confidence of equality amongst their sighted brethren."\*

Most Institutions now give more or less attention to Calisthenics, Gymnastics, and Military Drill, but class-training, though absolutely essential, will never develop that spontaneous love of play observable among seeing boys and girls. Our constant aim has been to discover and arrange suitable games and out-door sports, which will offer irresistible attractions to the Blind. Ample playgrounds, properly laid out, not for the Seeing, but for the Blind, are essential. The College, at present, has sixteen acres. Our asphalt walks are so constructed as to indicate to the foot every turn, flight of steps, or doorway.

The following paragraph from the *London Times*, written on the occasion of the opening of the new property, gives a concise description of our grounds:—

“ Windermere, recently purchased, contains four and a half acres, and with the existing eleven and a half acres of the College grounds, forms one of the most picturesque properties south of the Thames. It includes playgrounds admirably arranged, a cycle track, a ‘barre a pied’ alley, a plot for hammer-throwing and shot-pitching, numerous walks, a lakelet where the pupils learn to row, beautiful flower beds, and lovely grass slopes, shaded by fine trees, interspersed with a variety of swings, tilts, rocking-boats, rob-roys, giant-strides, balance-beam, &c. Rarely in so small an area is there to be found such a combination of the useful and practical, side by side with the beautiful.

---

\* Unfortunately this department has for a time been discontinued, but arrangements are being made to resume the lessons.

## Cycling.

Cycling and rowing are systematically taught, the pupils are arranged in classes, and a man devotes several hours daily to the purpose of special training. We not only endeavour to overcome awkwardness, but to prepare our pupils, both boys and girls, for cycling expeditions. Our grounds, though beautiful, are not sufficient; we have cycles for twelve, eight, six, four, three, and two riders, so that we can take large parties over the hills of Surrey: Banstead, Dorking, Epsom, Leith Hill, Red Hill, and Godstone are included in our ordinary excursions, but now and again, when concerts or gymnastic displays are to be given, we go long distances, as Brighton, Derby, Birmingham, &c. When Blind pupils can cycle from 50 to 60 miles per day and enjoy it, they will not easily be discouraged by any ordinary difficulties. From the first we have made a specialty of physical training, but with increasing experience we give the subject more and more attention.

## Games.

Gymnasiums, rinks, play-grounds, and cycles avail little without personal enthusiasm. The cheerful readiness of our teachers not only to join, but lead in the games of the youngest children, as though they were again boys and girls at school, has been a powerful factor in our effort to give life and activity to our pupils. In this way we overcome the timidity of the Blind, and the working of the plan is esteemed a pleasure, not a mere round of hum-drum duties.

## Technical Training.

Technical training, or the proper use of tools, forms an important part of the early education of blind children. Both girls and boys should pursue a systematic course of technical training. Such a course awakens the perceptive faculties, gives activity to the body, and prepares the hands and fingers for pianoforte playing, pianoforte tuning, or handicraft. If the blind child has no gifts for literary and musical studies, or pianoforte tuning, this technical training will make him a more skilful mechanic and a more successful bread-winner.

EXERCISING WITH THE NEW SANDOW GRIP DUMB BELL.

No musical talent, however great, justifies the neglect of mental culture. Sighted teachers of music can, and often do, succeed without broad culture, but with the Blind, intellectual development is indispensable. The musical education must be based upon a thorough general education, solid, well-balanced, and comprehensive. Our aim is to develop the powers of observation, train the reasoning faculties, cultivate the power of clear and concise expression, and stimulate a love of literature and good reading.

Mental  
Culture.

Musical training in its various branches is a good and lucrative calling for the Blind, and yet, in all countries, many who have tried to earn a livelihood by music have failed. I have carefully studied the subject and find the failure is due to the following causes :—

Musical  
Training.

In the selection of pupils for the profession, the musical ear rather than the mental capacity has been considered. The physical and intellectual powers of the musical students were not developed. The musical instruction and practice were insufficient, both in quantity and quality. The opportunity of hearing music in its highest forms was not afforded them. They were not trained in the art of teaching, especially in the best method of giving instruction to seeing children. To become successful in the profession, it is necessary for the Blind to have opportunities of instruction, practice, study, and hearing music equal to the Seeing with whom they will have to compete in the open market. In all branches of the art, the services of the very best professors should be secured. If the blind musician is to rise above mediocrity, systematic musical instruction in childhood is indispensable, and good instruction will avail very little, unless the practice is under constant and judicious supervision. The pupils should constantly hear the best performances of high class music. The Royal Normal College was located in Norwood, that its pupils might profit by the great musical advantages in the varied

programmes of high class music performed in the Crystal Palace. At the rehearsals and concerts, the students have opportunities for becoming familiar with the standard works of all the great masters, and of hearing performances by distinguished artistes from all parts of the world.

The musical instruction in its several branches of harmony, pianoforte, organ, and vocal culture should be addressed to the mind, and not merely to the ear. This is the only possible method by which the musical training can be made of practical use to the Blind.

Institutions for the Blind, even if their means are limited, ought to have, at least, good elementary musical instruction. It is far better for a blind man to be a good mechanic than a poor musician. Bad musical training in childhood will disqualify even the most talented pupil for future success in the profession of music, unless much time is spent under wise superintendence in overcoming the habits which have resulted from early defective training; this leads to greater expenditure and much loss of time. It is sometimes urged that it is extravagant to employ the best teachers for poor blind children. But it is more extravagant to spend money in a way that unfits, rather than fits them, for useful independence. *A practical education is a blind man's capital.*

Although good teaching is indispensable, no amount of teaching, even the best, can take the place of regular intelligent study and practice. It is commonly supposed that the Blind are indefatigable in their efforts to learn, especially music. After many years' experience, however, I am convinced that it requires more effort to obtain thorough systematic work from the Blind than from seeing persons. Teachers of the Blind not only require patience, tact, and ability, but they need a large reserve of enthusiasm to arouse and call into activity the dormant faculties of their pupils.

THE TWELVE-IN-HAND CYCLE—"DUNLOP EXPRESS."

BOATING LAKE AND PRINCIPAL'S HOUSE ("WINDERMERE"), LOOKING SOUTH.

The individual requirements of each pupil should be carefully considered. It is comparatively easy to teach pupils who have musical talent combined with mental capacity, but large numbers of the Blind *do not possess musical gifts*, and in such cases attention should be given to the cultivation of the ear; much skill is required to train the so-called unmusical ear. At twelve years of age, I could not tell one tune from another. The development was long and tedious, but the result determined my life work for the Blind.

Every blind child, from the first exercise that he learns on the pianoforte, should be required to read his own music. It is less difficult for a blind child to master the Braille musical notation than for a sighted child to overcome the difficulties of the staff notation. With systematic instruction, the blind student can soon master the system, and his progress will then be rapid. All our pupils read and write music with great facility. Our choir can write any vocal composition, as chants, hymns, part-songs, madrigals, or grand choruses, and immediately sing them from the notes. I am confident they could successfully compete in sight-reading with the best-sighted choirs in the country.

Music teachers, and music readers who dictate for the Blind to write, often adopt the phrascology of the embossed musical notation. This is a mistake and should not be allowed. The blind student must become thoroughly acquainted with the staff notation, therefore teachers, and those who dictate his music, should use the phrascology of the staff notation. The blind teacher must be an adept in teaching young sighted children the ordinary notation. This is the keynote of the position, and if he cannot do this, we have not established our case. For many years I have used an original method in teaching young sighted children. I have prepared a Primer for the purpose, but owing to great pressure of business I have long delayed its publication.

Braille  
Musical  
Notation.

## Employment.

We must not only educate and train the Blind, but also give them effectual assistance in obtaining employment. The majority of the Blind, when they leave school, have neither influential friends nor money. The school, with its distinguished patronage, should speak with no uncertain sound, the students should be so trained as to deserve strong endorsement, and those who are acquainted with their character, industry, and qualifications should take an active part in launching them in the world.

Many years ago, during my connection with the Perkins Institute for the Blind, in Boston. I found the musical pupils were allowed to shift for themselves, and the great majority of these failed for the want of a little help in starting. An organised plan of practical help was introduced, and within a few years the percentage of success among this class of students rose from about 10 per cent. to 70 or 75 per cent. When the Royal Normal College was established in 1872, two of its fundamental principles were the physical training and development of the Blind, and effectual help in starting business.

Pianoforte  
Tuning.

Pianoforte tuning may not be considered a branch of the musical profession, but it is an excellent employment for the Blind, and one in which they have certain advantages. Many can be trained to become successful pianoforte tuners, when they have reached an age that renders musical training impossible. The Blind who wish to succeed as pianoforte tuners must not despise the drudgery of small details; they must serve a regular apprenticeship, and fit themselves for practical business; they must work a number of hours daily (under suitable tuition) for several years. Even if a good ear and other requisites are possessed, long tuition is necessary to bring the muscles of the hand and wrist under control.

The seeing who excel in the business go through a long apprenticeship, and we must see that the Blind have even

more careful preparation. Our tuners have advantages which are not enjoyed by sighted apprentices in the pianoforte manufactory. They are taught to play, they have good instruction in singing, and their musical ear is carefully cultivated by daily choir-practice.

After a careful examination, every duly qualified tuner should be furnished with an official certificate, and tuners who cannot take the required examinations ought not to be allowed to impose upon the public. Pianoforte tuning will cease to be a good and successful employment for the Blind, unless the work is thoroughly and effectively carried out.

“Owing to the fact that there is but one blind person to one thousand seeing persons, it is a difficult matter to educate the community to discriminate between competent and incompetent blind workmen. A man possessing sight may do his work badly, yet this would not prevent another seeing man from getting employment. If a blind man attempts to tune or repair a piano, and fails to give satisfaction, it is then impossible for another blind man, however capable, to secure work in the vicinity.”

The Blind cannot afford to do work which is not the best of its kind. If brush, broom, or basket makers, the articles should be noted for excellence. If pianoforte tuners, they should leave the piano in such beautiful playing condition that any lady or musical professor who uses the instrument will recommend the tuner to all friends. If business men, courtesy, promptness, and integrity should characterize their dealings. We must raise our standard, and not be satisfied until the Blind, as a class, *will feel disgraced by inferior work*. Our aim must be to produce earnest Christian men and women, thoroughly trained in prompt business-like habits, well developed physically, and ready to meet all difficulties with energy, courage, and hopefulness.

Necessity of a  
high standard.

Thanks to  
Staff.

I cannot close this Report without expressing my appreciation of the continued devotion of our Lecturers, Professors, Officers, and Teachers. I personally owe them a debt of gratitude; their labours are not restricted to their lessons, they give liberally of their own time and strength to promote the general advancement of the work.

## APPENDIX B.

## PIANOFORTE TUNING.\*

Please note we send certificated pianoforte tuners from the College to any part of the London Postal District, for tuning and repairing of pianos. Orders and enquiries addressed to the Manager, Pianoforte Tuning Department, Royal Normal College, Upper Norwood, S.E., will receive prompt attention.

The proof of the efficiency of the College tuners is that an ever increasing number of ladies and gentlemen, especially members of the musical profession, as well as manufacturers and music dealers, employ them, both in London and the provinces.

Testimonials from those who are employing the College tuners will be found overleaf.

No tuner is granted a Certificate without serving an apprenticeship of several years, and undergoing a most thorough examination. A. J. Hipkins, Esq., one of the very greatest authorities on the piano, is Examiner-in-chief. For the examination the pupil not only tunes pianos for inspection, but is actually tested while at work, the manner of holding and managing the tuning hammer and damper, with the varieties of pianos, including overstrung instruments, being carefully noted. Each pupil is also required to demonstrate his technical skill in making eyes, stringing, and ordinary

\* Pianoforte Tuning as a profession for the Blind was introduced many years ago by Claude Montal, a blind pupil of the Paris School, and founder of the manufacturing house that bears his name. To him is due the scientific method of tuning now general both among the Seeing and the Blind. In France it is well known the Blind make the best tuners, and there they readily find employment on the same terms as the Seeing.

light repairs, such as removing broken wrest pins, repairing hammer shanks, &c.\*

Numbers of the College tuners are now successfully established at Liverpool, Leeds, Sheffield, Huddersfield, Hull, Bradford, Chester, Darlington, Sunderland, Edinburgh, Glasgow, Paisley, Dundee, Dumfries, Kilmarnock, Cardiff, and other towns. Residents in the above towns or neighbourhood desirous of employing our tuners will be furnished with their addresses upon application to the Manager of the Department.

## PIANOFORTE TUNING TESTIMONIALS.

VICTORIA STREET, S.W.

I have much pleasure in testifying to the very admirable manner in which my pianofortes (2) were tuned by Mr. J. F—— of the Royal Normal College and Academy of Music for the Blind. I have no hesitation in recommending him as a most able, accurate, and conscientious tuner.

ARTHUR SULLIVAN.

45, BEDFORD GARDENS, CAMPDEN HILL, W.

I have great pleasure in expressing to you my entire satisfaction with the way my Broadwood grand was tuned by one of the tuners from your College.

With kind regards, believe me very truly,

G. HENSCHEL.

ROYAL ACADEMY OF MUSIC, TENTERDEN STREET, HANOVER SQUARE,  
LONDON.

I have much pleasure in stating that I have been fully satisfied with the tuning of a grand pianoforte, belonging to this Institution, by a member of the Royal Normal College and Academy of Music for the Blind, Upper Norwood. The instrument in question has been tested by me, and I find it is in perfect tune; indeed, exceptional care has been bestowed upon it. I have therefore no hesitation at all in cordially recommending the tuners of the College to the public.

A. C. MACKENZIE.

\* The perfunctory work of Blind pupils who merely linger two or three hours daily over a piano accomplishes very little towards fitting them for business. The pupil must be as diligent, energetic, and persevering as the seeing apprentice, and willing to give even more time for the necessary preparation.

23, ST. AUGUSTINE'S ROAD, CAMDEN SQUARE, N.W.

For several years past the pianofortes in my house have been tuned exclusively by one of the tuners of the Royal Normal College of Music to the Blind, Upper Norwood; and it is a source of much pleasure to me to be able to certify that my instruments during that period have been kept in a condition such as to afford me entire satisfaction.

EDWD. HOPKINS, Mus. Doc.,

Late Organist of the Temple Church, &c.

SYDCOTE, WEST DULWICH, S.E.

During the past ten years I have had my pianofortes tuned by certificated tuners from the Royal Normal College for the Blind, and am able to say that they have always given me the utmost satisfaction. I should be sorry to place my instruments under other hands.

WILLIAM H. CUMMINGS,

Principal, Guildhall School of Music.

152, BUCHANAN STREET, GLASGOW.

We are duly in receipt of your letter dated 2nd March, and in reply have much pleasure in stating that Mr. R. W—, who has been in our employment for several years, gives us satisfaction in the capacity of indoor tuner.

We are, yours sincerely,

PRO PATERSON, SONS & CO.,

R. THOMSON.

96, LEEDS ROAD, BRADFORD.

I have much pleasure in bearing testimony to the high qualities of the tuners turned out of your College. I have now three in my employ, and find them superior to most sighted tuners. G. W—, who has been with me over five years, is A1.

I am, yours, &c.

S. WALKER.

81 & 83, BUCHANAN STREET, GLASGOW.

We are pleased to inform you that J. M—, whom you inquire about, is still with us, and doing very well indeed. He has been over eleven years with us; he is a good tuner, very obliging, and does his work in a most satisfactory manner, and is frequently specially asked for. Please excuse the delay in answering your letter, but I thought my brother had replied.

We are, dear sir, yours faithfully,

R. J. & R. ADAMS.

## OLD PUPILS' GUILD.

Most blind persons, whether trained as Teachers, Organists, Musicians, Pianoforte Tuners, or for any other trade or occupation, require some assistance at the outset.

They need help in finding suitable employment; recommendations for establishing a connection; sometimes pecuniary assistance in providing outfits of books, tools, instruments, &c.; advice in difficulties; encouragement in trials; sympathy at all times; and if overtaken by reverses, judicious and timely help towards a fresh start.

From the very commencement this help has been given, as far as possible, by the College authorities, and the success achieved by our old pupils would have been impossible without it. But owing to the increasing number of certificated pupils, organised effort has become necessary to meet these needs and the expense which they entail. These increasing requirements led to the establishment of a Guild for Old Pupils.

The objects of the Guild are:—

To assist, advise, and befriend Pupils after leaving the College, especially when first starting in their business or profession; to devise and carry into operation such methods as may be found most effective for this purpose, so that every Old Pupil of the College who, having completed his or her College course, and obtained a College Certificate, maintains good conduct and reputation, and is a diligent worker according to his or her ability, may rely on moral, material, and effective support, and timely assistance in every occasion of difficulty, so far as funds will allow.

The management of the Guild is deputed to a Special Committee, including the officers of the Executive Com-

mittec, the Principal of the College, and others, among whom are some of the former pupils of the College.

The Committee seek the aid, as corresponding associates, of Ladies and Gentlemen in various parts of this country or abroad, who will interest themselves in the Blind, especially in former pupils of the College, and who will undertake to establish and maintain, as far as may be, friendly communication with members of the Guild in their own neighbourhood, and to assist the Special Committee with information and otherwise, in furthering the objects of the Guild in regard to such members; to act as referees for Members; to assist them in finding employment and obtaining customers; to give a patient hearing to their statements, and devise judicious ways of advancing their welfare.

A Register of the members is kept, containing their addresses and employment, with suitable particulars of their circumstances, capabilities, and needs, and also a register of members seeking employment, and of openings and employment available.

## APPENDIX E.

 RULES AND TERMS FOR THE ADMISSION OF PUPILS.

1. The College is open to the young of either sex and of any rank, but only those will be received as pupils who show sufficient ability to render it probable that by instruction they will become self-supporting.

2. As without previous trial it would in many cases be difficult to determine whether an applicant for admission has sufficient capacity for the kind of education given at the College, candidates will first be received as *probationers* for a period of three months, or less. If, at the end of that period, they are found to possess adequate ability, they may become permanent pupils.

3. The annual charge for pupils sent by subscription or school authorities is as follows:—

|                   |     |     |     |     |      |
|-------------------|-----|-----|-----|-----|------|
| Under 13          | ... | ... | ... | ... | £35  |
| Between 13 and 16 | ... | ... | ... | ... | £45  |
| Over 16           | ... | ... | ... | ... | £60* |

4. The terms for private pupils will be furnished by the Principal upon application.

5. The terms for pupils include board, lodging, washing, and medical attendance; but not clothing or travelling expenses. Payments in all cases must be made for each term in advance. All cheques and Post Office Orders, in payment for pupils, should be sent to the Principal at the College.

6. The school year will be divided into three terms; for which the payments are due October 1st, January 1st, and

---

\* The Gardner Trust grants Scholarships, after examination, in aid of the young Blind of England and Wales, whose friends cannot pay the entire cost.

April 1st. The first and second terms include three months each, the third term four months.

7. Except in cases of severe illness, all pupils are expected to be in attendance at the College on the first day of each term.

8. Pupils will only be admitted at the beginning of one of the terms. If possible they should enter at the beginning of the Michaelmas term.

9. As it is of the utmost importance to keep up home ties between pupils and their families, it is desirable that all pupils shall spend at least the summer vacation with their parents or friends.

10. All pupils must be provided with strong clothes, either new or in perfect repair, as in the following lists, and their parents or friends will be required to renew the clothing when deemed necessary by the Committee. Pupils whose eyes are disfiguring will be required to wear glasses. The glasses should be obtained at the College.

11. The use of tobacco in all forms is strictly forbidden. All pupils, without regard to age, during their connection with the College, must abstain from the use of tobacco either on or off the College premises. The use of beer, wine, or any drink containing alcohol, is only allowed when ordered by the medical authorities of the College.

12. In all cases the following form must be filled up by a duly qualified medical practitioner. The questions are not, however, put with a view to exclusion, but for information regarding the pupils.

(a) Is the applicant totally blind, or if only partially so, has he sufficient sight to enable him to follow any profitable employment?

(b) What appears to have been the cause of blindness?

- (c) Has the applicant had small-pox? Has he been vaccinated, and is there satisfactory evidence that the infection was complete?
- (d) Has he had measles, whooping cough, or scarlet fever?
- (e) Has he been subject to epileptic fits?
- (f) Is he free from scrofula or cutaneous disease?

(Signed) \_\_\_\_\_

13. In cases in which the pupil is not entirely paid for by his or her friends, some reliable person must give a guarantee that the necessary clothing will be supplied; and that the pupil will be removed from the College during vacations; and, in case of death, that the funeral expenses will be paid.

14. Parents or friends can visit the pupils on the first Wednesday in November, February, April, and June, between 3 and 5 p.m. If, for any special reason, parents wish to see their children at other times, they should write to the Principal for an appointment. As a rule, it is not expected that more than two friends will visit any pupil on the same afternoon. When visiting the College, parents are earnestly requested not to bring young children with them. *Friends cannot visit the pupils on Sunday; this rule is strictly enforced.* Parents are specially requested not to bring or send sweets or eatables to the children. If the children go out with their parents, they must not undertake commissions for other pupils.

*N.B.—Applications and inquiries in regard to the admission of pupils should be addressed to the Principal, F. J. Campbell, Esq., LL.D., "Windermere," Church Road, Upper Norwood, S.E. Persons can see the Principal on business on Tuesdays from 2 to 3 p.m. (the second Tuesday excepted). Also at the same hour on the first Thursday in each month; otherwise by appointment.*

## LIST OF CLOTHING.

## FEMALE DEPARTMENT.

Stays and tight-fitting dresses are prohibited. Dresses and other clothing must give ample room across the chest. Dresses narrow across the chest invariably lead to bad positions. Parents are especially requested to attend to this requirement, as the health very much depends upon proper clothing. The skirts of the school dresses must be at least  $2\frac{1}{2}$  inches from the ground, to allow freedom in walking.

- 1 Sunday dress.
- 2 Week-day dresses.
- 1 Gymnastic suit, which should be purchased at the College, and must be renewed when necessary.
- 1 White petticoat.
- 2 Coloured petticoats.
- 2 Flannel petticoats.
- 3 Undervests (flannel or merino, high-necked and long-sleeved).
- 3 Chemises.
- 3 Bodices (supplied with buttons for supporting the skirts).
- 4 Pairs of drawers.
- 3 Nightgowns.
- 1 Flannel dressing gown.
- 12 Towels.
- 8 Pocket-handkerchiefs.
- 6 Aprons or Pinafores.
- 4 Pairs of stockings.
- 1 Pair of best boots.
- 2 Pairs of strong boots.
- 1 Pair of slippers.
- 2 Hats.
- 1 Sunday jacket.
- 1 Week-day ditto, or shawl.

- 1 Waterproof.
- 2 Pairs of Gloves.  
A sufficient quantity of collars and cuffs.
- 1 Comb and brush.
- 1 Small toothed comb.
- 1 Nail brush
- 1 Tooth brush.
- 2 Small bags for combs and brush.
- 2 Bags for soiled linen.

*N.B.—The gymnastic outfit is indispensable, and should be obtained at the College, as it is important to have all the suits alike. If the clothing and gymnastic outfit are not provided, it will be the duty of the Principal to suspend the pupil. If Parents will furnish 15s. for the first year, and 10s. each succeeding year, the pupil will be kept fully supplied with all that is required for the Physical Department.*

#### MALE DEPARTMENT.

- 1 Sunday suit (should be of dark material, black preferred).
  - 2 Very strong week-day suits.
- Coats and vests must be broad across the chest, to give the lungs full play.
- 3 Shirts.
  - 3 Night shirts.
  - 6 Collars (at least).
- The bands of shirts and collars are often too small: this is a fatal error, as it not only injures the health, but prevents all chance of progress in singing.
- 6 Pocket-handkerchiefs (at least).
  - 4 Pairs dark worsted stockings.
  - 1 Warm coat or cloak.
  - 1 Stiff black felt hat for Sunday.
  - 2 College caps (furnished at the College at 1/6 each).
  - 2 Pairs of gloves (1 pair of plain dark woollen material or woollen-lined for winter use, and 1 pair of dark-coloured dog-skin gloves for the summer).

1 Pair of Sunday boots.

2 Pairs of very strong boots for week-day use (without hob-nails).

(Parents are requested to exercise special care in regard to the size of the boots. They are often too small.)

1 pair of leather-soled slippers, with low heels (furnished at the College at lowest wholesale rates).

Gymnastic shoes (black), jerseys (dark navy blue, with 2-inch collar), cap and belt (furnished at the College at the lowest wholesale rates).

2 Woollen vests.

2 Pairs woollen drawers.

Comb and hair brush.

Small toothed comb.

2 Small bags for comb and brush.

1 Tooth Brush.

1 Bag for soiled linen.

The rule in regard to the supply of clothing is imperative.

*N.B.—The gymnastic outfit is indispensable, and should be obtained at the College, as it is important to have all the suits alike. If the clothing and gymnastic outfit are not provided, it will be the duty of the Principal to suspend the pupil. If parents will furnish 15s. for the first year, and 10s. each succeeding year, the pupil will be kept fully supplied with all that is required for the Physical Department.*

\* It will be seen that of this amount, £450 16s., a sum of £37 10s. 11d. represents Capital Outlay, the value of which will last for many years. It should also be noted that by special arrangement with the London School Board, as one of the terms of transfer, their pupils have been kept on since the date of the transfer at two-thirds of the actual cost. This arrangement is only in force until the end of the Midsummer Term.

## REGULATIONS FOR VISITING THE COLLEGE.

Subscribers and friends who may wish to visit the College can do so on application to the Principal. Special Visitors' Day, first Thursday afternoon in each month, except during January, August, September, and October. Visitors will have an opportunity of seeing various departments from 3 p.m.

Parents or friends can visit the pupils on the first Wednesday in November, February, April, and June, between 3 and 5 p.m. If, for any special reason, parents wish to see their children at other times, they should write to the Principal for an appointment. As a rule, it is not expected that more than two friends will visit any pupil on the same afternoon. When visiting the College, parents are earnestly requested not to bring young children with them. *Friends cannot visit the pupils on Sunday; this rule is strictly enforced.* Parents are specially requested not to bring or send sweets or eatables to the children. If the children go out with their parents, they must not undertake commissions for other pupils.

The College is situated at Upper Norwood. The principal entrance is in Westow Street. An outline Map, showing the position of the College and of the different Railway Stations in the neighbourhood, will be found on the next page.

The Principal can be seen on business between 2 and 3 p.m. Tuesdays (the second Tuesday excepted); also at the same hour on the first Thursday in each month. Persons wishing to call at other times should make a special appointment.
